Rural Initiatives Fund

This Fund offers grants of up to £1000 to pump prime projects that serve to enhance the role of a village hall as the hub of the local community.

Application should be made to the Community Buildings Development Officer, and will initially be assessed against the following checklist:

- Does the funding enhance the role of the village hall as a hub for the community?
- Are the applicants Hallmarked or in the process of Hallmark?
- Does the grant offer value for money?
- Is the proposal sustainable?
- Is the proposal of benefit to all, ie not restricted only to certain parts of the community?

Applications will be considered by the WRCC Trustees at the next WRCC Board meeting (approximately once per quarter).

We will only consider one project per charity at a time, however you may apply more than once to the Fund.

If your application is successful and a grant is made the charity will be asked to provide updates to the Officer and a report upon completion of the project.

Please complete the application form fully and either email to communitybuildings@wrccrural.org.uk or post to WRCC (Community Buildings), Warwick Enterprise Park, Wellesbourne CV35 9EF.

If you have queries please email communitybuildings@wrccrural.org.uk.
