This data is collected for the specific purpose of identifying housing need to provide an anonymised housing needs report and will not be used for any other purpose. Data is processed lawfully and fairly, and it is kept in a secure manner. All information will be treated in strict confidence. The analysis will be carried out by WRCC, who will retain all survey forms.

Local connection (Q6):

Have adult relatives living in the parish to whom it is essential to live near in order to give or receive care or significant support. For example, elderly relatives who need help with shopping, personal care, transportation to hospital or GP appointments, young families who need help with childcare or couples and single people living independently for the first time. You will need to be able to demonstrate why you need to live in the same parish in order to provide or receive this care and support, and the local authority may require supporting evidence.

Dwelling tenure definitions (Q10):

- Housing association and council rented properties are available at lower than private rental values.
- Housing association shared ownership is a cross between buying and renting; aimed
 mainly at first-time buyers and those earning £80,000 per year or less. You own a share
 and then rent the part you don't own at a reduced rate.
- Owner occupier is housing available for purchase on the open market.
- Privately rented homes are owned by a landlord and leased to a tenant.

Affordable housing is social rented, affordable rented and intermediate (shared ownership) housing, provided to eligible households whose needs are not met by the market. Eligibility is determined by local incomes and local house prices.
